DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Knapp et al. 2,970,646. Knapp shows a debris cap comprising a container pre-charged with corrosion inhibitor prior to completion of the installation (fig. 6) where the corrosion inhibitor is released into a stagnate volume in vessel 11 enclosed under debris cap 38 over a wellhead (col. 1, lines 30-38; col. 3, lines 10-21).

Allowable Subject Matter

3. Claims 2-9 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
